

## Mid CPU Holder™

Secure fit with a unique strap tightening mechanism

The Mid Size CPU Holder is designed with the purpose of securely holding CPUs up to 23 lbs, between 3" to 7" width and 8" to 16 ¾" in height. The unique "over center" strap tightening mechanism ensures a secure fit every time. The 360° swivel and 12 ¼" track create ease of access to your CPU no matter where the track is mounted. Made from textured black powder coated steel, it ensures a solid and versatile mounting mechanism for your Mid Sized CPU.
